### Water Testing

<http://www.advancedwaterfilters.com/watertestingguide.html>

Full laboratory water analysis guide and testing kits. Ensure your water is safe.

Advanced Water Filters offers premium reverse osmosis systems, whole house water filters, water testing kits, faucets, shower filters and replacement filters for all systems on the market. They are also the exclusive distributor of the Tap Master Artesian, which is a state of the art reverse osmosis system. This unit balances the pH of the water as well as re-deposits the calcium and magnesium into the water for great taste.
